

2017 DIRT OVAL KART RACING

Jackson Speedway is a "racer's track". Our racers will be involved in determining classes, structure and rules. We encourage their input. Our intent is to create classes of sufficient size to promote and enhance the spirit of competition and may change throughout the season based on demand. We will endeavor to test the various weight/plate structures at each race in an effort to come up with a competitive balance. Please bring weights with you. Specifications may be subject to changes upon proper notification.

CLASS	AGE	Pit Pass	Entry Fee	MOTOR - WEIGHT - PLATE	FUEL	OTHER	Trophy/Payout

Lawnmowers	Call for information.						

ADDITIONAL INFORMATION:

Open tire rule. As the season progresses, based on driver input, a named tire will be announced. One option is Burris.
 All weights are with driver, as measured on track scales. Driver cannot wear weights. All 400# classes must have a 200 # driver race ready.
Bolt-on weight must be painted white, be safely secured and have kart number painted on it.
 No sharp edges or extended axles. Bodies on Open Karts subject to safety inspection.
 Full body covering, neck collar, gloves and helmet (2010 Snell minimum) must be worn at all times.
 Arm restraints and 5-point safety harnesses are required for all caged classes.
 No additives in gasoline or alcohol. Alcohol must be clear.
No wet tires or tire prepping inside of staging area.
 Mufflers required in all classes, except Opens.
 Clone exhaust system must exit towards rear of the kart, no vertical pipes.
 No duplicate numbers. Numbers must be legible to scorers and of contrasting colors to body.
 Drivers under 18 must present a birth certificate (first appearance only). Copy will be retained by the Speedway.
 Drivers under 18 must have a Minor Release signed by a parent or legal guardian each race.
 2017 AKRA engine specs on Clone classes. 2017 WKA engine specs on Flathead classes.
 We will follow AKRA rules to the best of our ability.
 Briggs rules apply.

YEAR END AWARDS:

Based on points accumulated throughout the season.
 Driver must race in 60% of scheduled races. First 2 race weekends are no points races.
